

Capabilities Statement

Our Company

Zuvic, Carr and Associates, Inc. (Zuvic Carr) is a multidisciplinary consulting firm located in Rocky Hill, CT. With a knowledgeable staff of professionals, we offer expertise in a broad spectrum of civil and environmental engineering disciplines described below. Our staff of 20 personnel includes Professional Engineers (P.E.) licensed in Connecticut, New York, Massachusetts, and Rhode Island; Licensed Environmental Professionals (LEP); Leadership in Energy Efficient Design Accredited Professionals (LEED AP); and Licensed Surveyors (L.S.).

Our firm opened for business in 1988, and we are now available to service clients in Connecticut, Massachusetts, New York, and Rhode Island. We understand that combining technical skill and innovative thinking with thorough project research and planning is essential for a successful project. Zuvic Carr has been devoted to creating the best solutions through our technical resourcefulness, our pursuit of excellence, and our responsiveness to the needs of our clients.

Our Services

Civil Engineering: Feasibility studies, site planning/development, land surveying, structural design and evaluation, bridge replacement and rehabilitation design, utility design, stormwater management and drainage design, traffic studies and roadway improvements, hydrologic and hydraulic studies/analyses, construction administration, and field inspection services.

Environmental Engineering: Environmental site assessments, building hazardous materials surveys, underground storage tank (UST) compliance/closures, remedial action plans and design of remedial solutions, U.S. Environmental Protection Agency (EPA) Spill Prevention Control and Countermeasure (SPCC) Plans, Stormwater Pollution Prevention Plans (SWPPP), CT Department of Energy and Environmental Protection (DEEP) permitting and state consent order support, and CT Licensed Environmental Professional (LEP) services.

Local, State and Federal Permitting: Local municipal approvals from land use (wetland and zoning) agencies and commissions, CTDEEP permits for various Individual applications and General registrations, State Traffic Commission (STC) certificates, U.S. Army Corp of Engineers (ACOE) permit approvals, and Federal Aviation Administration (FAA) permits.
