

Founded in 1956, Antinozzi Associates is celebrating over six decades as an Architectural firm and three decades with a fully-staffed Interior Design department. With principal involvement on all of our projects, Antinozzi Associates has long been a leader in the sustainable and cost-effective design of Corporate, Commercial, Education, Institutional, Multi-Unit Residential, and Financial projects.

Our principals are licensed in Connecticut, Maine, Maryland, New Hampshire, Rhode Island, and Virginia. Our clients represent a diverse set of project types and public/private clients requiring design services for public/private/charter school facilities, municipal buildings, recreational facilities, retail bank offices, housing authorities, and private developers looking to adaptively-reuse, reinvest, and renovate historic and dilapidated structures.

We offer Pre-Referendum Services, Feasibility Studies, Master Planning, Programming, Project Management, Site Analysis, Space Planning, Consultant Coordination, High Performance Building/LEED Consultation, and FF&E Services.
