

# CHOP VALUE

BOSTON

## Capabilities Statement

## Core Competencies

ChopValue Boston is a local manufacturer of custom furnishings and architectural features, made from a new composite material: recycled chopsticks.

**SURFACES:** tables, countertops, desks (finished product includes substrate, if specified, and commercial finishing)

**FEATURES:** walls, bar skirts, backsplashes, custom art, etc. (finished panels on substrate)

Clients include: JP Morgan/Chase, Takeda, MIT, Bevi, City of Boston, Associated Industries of MA, Red Sox Foundation, March of Dimes, Babson College

## Differentiators

- **SUSTAINABLE:** all products carbon-negative and climate positive given recycled content and local production
- **DIVERSE:** certified by SDO as W/MBE and small business
- **LOCAL:** low lead times and reduced freight cost
- **COMPETITIVE:** pricing comparable to custom millwork
